

## WELL WATER TEST RULES

There are two options for testing your water:

1. You may contact the Geauga County Health Department and they will come out and take a sample of your water. They can be reached by calling 285-2222. The cost to you is \$50.00. We will reimburse you \$15.00 with a receipt.

2. The Department of Water Resources office will run the same water test as the Health Department with two differences:

- You must pick up the sample bottle, they will give you instructions on how to take a water sample at your home, then return it to the Department of Water Resources within 12 hours of taking the sample.

- You will pay \$15.00 instead of \$50.00. We will reimburse you \$15.00 with a receipt.

The Department of Water Resources is located at 470 Center St. Bldg #3., Chardon. They can be reached by calling 279-1971. They are open Monday - Friday, 7:30 a.m. to 4:30 p.m. You may pick up the sample bottle anytime during these hours. They will only accept water samples for testing Monday, Tuesday, and Wednesday, 7:30 to 4:30 and the water samples cannot be more than 12 hours old. Holiday hours may apply. Results will be mailed to you in 7 to 10 days.
