

ADULT EDUCATION!

Ohio | Department of
Job and Family Services

Or earn your GED

Open Doors for Opportunities! Enhance your skills!

Sharpen your English and Math skills or prepare for your GED (General Education Development). The GED provides an opportunity for adults who have not yet graduated from high school to earn a high school level credential.

The GED credential is considered and accepted as an equivalent to a high school diploma by over 95% of all colleges, universities, and employers!

In conjunction with Auburn Career Center, Geauga County Job & Family Services provides free orientation services, classes, and pre-GED testing. All of this will prepare a student for the actual GED test.

For more information, contact: *Karen or Michael at:*
